It is thought that the officials of Cairo, who were in daily touch with the Khedive, are the better judges of the exact causes which produced death than persons in London, and they, each and every one of them, native and foreign, do not place the least credit in this sensational rumor.

Stories of this kind get into circulation immediately after the death of either Turkish or Egyptian rulers, and they have been circulated so often that they are here regarded as a natural concomitant of a ruler's death.

Superintendent of Police Murray threw a bombshell into the camp of the outlaws this afternoon. With a view of following up the attacks made by THE EVENING WORLD upon the notorious dens and places of evil resort in this city, the Superintendent several days ago instructed Capt. McLaughlin and Ryan to investigate the "Hole in the Wall," kept by Carey Welch, in Fourth avenue, and the "Excise Exchange," in the Bowery.

The captains today made their respective reports, showing them to be resorts of the lowest and most vicious character imaginable.

Supt. Murray immediately sent these reports to the Excise Board, together with a communication regarding each one in which he recommended that the license be revoked in each case, and declaring that the interests of the public demanded that such action be taken at once.

Here are the reports and Supt. Murray's communications:

CAPT. McLAUGHLIN'S REPORT.
To His Honor, Mayor, Sir:

"Sir: In reply to the annexed communication relative to the premises 117 Fourth avenue, I respectfully report that it is licensed in the name of George McNight. The manager of the place is one Carey Welch. This place has recently been the resort of low women and of men who consort with women of that character, and also by persons reputed to be thieves.

CAPT. RYAN'S REPORT.
To His Honor, Mayor, Sir:

"Sir: I have respectfully submitted the following report concerning the character and reputation of the premises 330 Bowery (Excise Exchange), and the class of people who visit there, owing to my having been in command of this precinct for some time, and in my opinion the interests of the public will be well served by the revocation of the license, and I do respectfully recommend that such action be taken by your honorable board.

"The report that the place has recently been resorted to in large numbers by a class of persons who are reported to be addicted to immoral practices, that their actions and conversation would tend to confirm this, that a number of well-known thieves have made this place their headquarters, and that the females who frequent it are of the lowest class. BUSINESS DONE IN THE CRUSADE.
The crusade that affected his mind also seemed to touch his right ear-drum stand, which ordinarily rivals Tom Gault's in brilliancy. It lacked lustre last evening.

Over on Sixth avenue there was the same dearth of conversation. "AS KELLY'S there was an attempt to be merry over a huge cake that had been with Dandy Jack, 'Honest' John's elderly-looker, at Polo Jim's cake-walk at Wendell's Assembly Rooms the night before.

The cake was a beauty from a culinary point of view, and it was admitted that Dandy Jack was the champion cake-walker of the town, but all this little pleasantries failed to cheer 'Honest' John. Dandy Jack's cake, which to others was a thing of beauty, was to him a silent accusation that his own cake was "all down."

KEEL'S BROTHER'S ANGER CLOSER.
Keel's brother only a fair success last night and he had apparently reconsidered his determination to keep his dive annex open. To be sure, the room was open for a few minutes.

THE RIDER'S ENTRANCE UNKNOWN.
Last night, not a woman was to be seen there, and Dandy Jack's party scene in the doorway was a standing memento to any female who was rash enough to attempt to enter.

AT 1 O'CLOCK THIS MORNING "HONEST" JOHN closed his saloon and proceeded to beguile attention to his gambling-room upstairs.

THE PICKWICK'S ANGER ALSO SHUT DOWN.
The wave of reform also extended upstairs as far as the Pickwick, on Broadway, near Thirty-sixth street, where Proprietor Scribner has been running his "decent" place in defiance of public opinion and personal prudence.

He came to his senses last night, however, and for the first time in many moons the "Family Entrance" was locked and barred and the assignation business, so far as its original intents and purposes were concerned, was closed.

THERE were a few male patrons at the bar, but they soon got disgusted with the monotonous form of entertainment provided and left. Scribner himself became disheartened after a while, and at 12:30 this morning the Pickwick suspended business entirely for the night.

MAC'S RISK NOT MADE GOOD.
There was a risk to Mr. McCormick's resort, near Kelly's, last night, doubtless because of Kelly's habit to reopen, but the first failure to reach the den led to his disgust that the notorious annex was closed and that Mac's plans had miscarried.

MAC HIMSELF WAS NOT VISIBLE last evening, and there was an unconfirmed rumor about that he was home heating his with his thrumming temples. He had indulged a trifling frolic Thursday night after his declaration to re-open.

IT is a pity, too, that he wasn't there, to be missed seeing his partner in distress, Manager Davis, of the Excise Exchange, in the Bowery, who called to offer his sincere condolence and regrets to Mr. McCormick in this his hour of need.

MR. DAVIS' PRESENCE on the street at 11 o'clock is almost worthy of being recorded as one of the most unusual events of this great city. At that hour he is generally on duty at the little cashier's desk in the Excise Exchange's downstairs assignation-room, busily engaged in taking in the spectacles that deluded drunken men carry through at him in their desire to witness the disgusting scenes enacted by the depraved men and women who were formerly the star attractions of the dive.

MANAGER DAVIS' OCCUPATION GONE.

and the family entrance were tightly locked, the front curtains were down and a solitary gas jet revealed a deserted and repudiated-looking barroom.

Almost the same state of affairs existed at "Farley's Hotel," 18 Third avenue, kept by Mr. Welch's former partner, Mr. Jim Sullivan, but the barroom did a fair business up to 12:30 o'clock, when it, too, was shut up.

The assignation-room, however, was tightly closed, as it has been for several nights, and not even the solitary blonde who entertained a few on Thursday night, in the little parlour back of the bar, honored the establishment with her presence last evening.

MR. JIM SULLIVAN DEPARTED.
Proprietor Sullivan, himself, sat on a chair in the saloon and thought thoughts. The de-

pression that affected his mind also seemed to touch his right ear-drum stand, which ordinarily rivals Tom Gault's in brilliancy. It lacked lustre last evening.

M'GLORY IN STRIPES.
Taken to the Island To-Day to Serve Twelve Months.

One of Fourteen Convicts in the Black Maria.

Set at Work at His Old Job in the Blacksmith Shop.

"Mr. William Henry McGlory, Blackwell's Island."

That is the present address of the ex-proprietor of Amory Hall and ex-manager of Hotel Irving.

McGlory, I. T., Jan. 9.—Ten more of the victims of the mine horror at Krebs are the following: George Lowery, Osgus Felt, John Williams, L. Hunt, Robert Powers, William Mitchell, Joseph Clark, William Mesbane, Timothy Collins, James Tanner.

Among the fatally injured are George Harbin, Mr. George Harbin, Jr., Frank Hathaway, Joe. O'Leary, Knock Church, Willie Church, Wm. Williams, Charlie Martin, Louis Toole, Joseph Toole, Giovanni Bessant, Francis Tossie, Branch Hume and John Rossi.

Those who first went down the hoisting shaft after the explosion describe the scene as terribly revolting. Legs, arms and headless bodies were lying in a mass at the bottom of the shaft and scattered all over the various approaches.

Six small boys, names unknown, who were tending the fans, were killed outright and were found dead at their posts.

It has been learned that the explosion was caused by George Lowery exploding what is known as a "window shot."

The latest estimate of the number of missing is 146.

THREE OFFICERS DEAFENED.
Their Ear-Drums Burst at Gun Practice on the Mautonomoh.

It is reported that during the progress of the trial of the ten guns of the new United States cruiser Mautonomoh at Gardner's Bay yesterday, three of the officers of the vessel underwent a painful injury by the bursting of their ear-drums. The accident occurred upon the conclusion which followed the discharge of one of the great pieces of ordnance.

Surgeon Kane, of the Mautonomoh, when questioned by a subject could not say anything for publication further than that the accident could have been easily averted had the men stood upon the tips of their toes and opened their mouths.

He said that the injured officers, who were apparently well drilled, should have known this elementary principle. He declined to give their names.

WELL, WE'LL! ANOTHER PARTY.
Devoted to Reciprocity and Heard Of Through a Chicago Paper.

CHICAGO, Jan. 9.—A morning paper says: A new political organization has been formed. Reciprocity is its platform and Blaine is its chief.

It is a combination of laboring men in the protected trades, farmers who are not in or are weary of the Alliance and Democrats and Republicans generally who believe in Blaine and a protective tariff.

The organization is secret and oath-bound. Each member must subscribe to a ritual that binds his opinions on certain questions in black and white.

It claims 5,000 members in Chicago. Among them are W. E. Mason, Frank L. Laver and a host of others prominent in politics and business. Outside of Chicago the organization, it is said, has 25,000 members. Its appointments or pledges are to be obligatory in every city in the land.

THE DEAD AT KREBS.
At Last Reports Sixty Bodies Taken from the Mine.

Now Said That 218 Men Were Buried in the Shaft.

Six Boys Killed Together—The Cause of the Explosion.

ATOKA, I. T., Jan. 9.—All the physicians from this and neighboring cities have been called to the scene of the mine horror at Krebs, and they responded to a man.

About three hundred miners from Lehigh and Coalgate passed through here to relieve the miners.

The latest advice is that sixty corpses have been recovered and that twenty-five men were gotten out alive, of whom eight have since died.

The whole number entombed are now put at 218.

THE TURF.

Backers of the Hudson County Law and Order League.

IS JOCKEY MORRIS GUILTY?

Toano Runs Four and a Half Furlongs in 54 Seconds at Guttenburg.

The Law and Order League of Hudson County, or, more correctly speaking, Mr. D.D. Withers and Mr. Carey Kelly, have as yet made no move towards closing Guttenburg's gates. That these two gentlemen are behind the movement there is no doubt, for the writer has assured yesterday by a gentleman whose word may be taken in all things. A firm of lawyers have been engaged by the "Sage of Brookdale" and Mr. Kelly, so as to keep them clear and in the straight path. The Hudson County Jockey Club is aware of all their movements and is only waiting for the first break in order to checkmate them. It is the positive knowledge that Mr. Withers and Mr. Kelly were concerned in the law and order movement that made the Hudson County Club strike back at the Ives Pool bill. They have already secured a case, the details of which were published exclusively in this column last evening.

The investigation into the running of Sir Rae on Monday and Thursday was held last night, but the Executive Committee reserved its decision. The owner and trainer of Sir Rae asserts that he bet \$300 on Sir Rae on Monday and not a cent on Thursday. That he did bet that sum on Monday is positively known. He asserts also, as it is said, that he does not believe that Morris, the jockey, gave him a fair ride. Morris should be carefully questioned by the Committee as to the way in which Sir Rae ran on Monday. The writer understands that when Sir Rae won on Thursday, Morris, who rode Rydlight, consulted with his friends about Sir Rae's condition on Monday. This boy has been riding good strong races lately, and the hearing should be careful and rigorous. The jockey is not always to be trusted.

Eugene Leigh has secured Fordham from Jimmy Hays for a disease skin to the bay horse Early Dawn and \$500 cash. Under Leigh's early training Fordham may be brought around into shape once more.

Jack Batehellor will start on a trip to California next week. He will inspect the stock farms near the Golden Gate before his return.

Mr. W. H. Rashford, the well-known turfman, will leave for San Francisco Jan. 28 to Miss Clara Grant, of Lexington.

A great many horses are under treatment in San Francisco for a disease skin to the grip. The appearance of the disease in horses is marked by a discoloration of the hoofs, which is the result of a disease in the hoofs. It is a very dangerous disease, and it is said that it is the result of a disease in the hoofs. It is a very dangerous disease, and it is said that it is the result of a disease in the hoofs.

The entries for Saratoga's stakes for next season nearly double those of last year.

It is proposed to erect a monument at Chester, Orange County, N. Y., to that great star of trotters, old Hambletonian.

There was some excellent racing at Guttenburg yesterday. The race was very hard and consequently very fast. Toano showed how good he was by running four and a half furlongs in the record-breaking time of 34 seconds. Incidentally he showed that in his last race he was what the talent term a "chickster." Yesterday, however, he defeated Early Blossom, Inferno, Fleurette and others with great ease. He pulled up with some regularity, showing that his old legs must be in good shape. Early Blossom was stiff and sore and was unable to extend herself.

Comet, the favorite in the first race, was just beaten out by Turk in a rattling good finish, and Turk was in front and he only outdistanced the rest of the way. Maggie Beck, a horse I don't recall, was second. Inferno, who is better known as "Lemon," was third. The latter is worth seeing at a close.

Neodany showed lots of speed in the second race. He broke away last but before a quarter of a mile he was in front and he only outdistanced the rest of the way. Maggie Beck, a horse I don't recall, was second. Inferno, who is better known as "Lemon," was third. The latter is worth seeing at a close.
